AKAROA

FREESTANDING LOW EMISSION WOOD FIRES

The Akaroa breaks the mould of the traditional wood fire. It's sleek, curved design complements a contemporary home while adding a sense of modernity to more traditional decors. The Akaroa's sleek sophistication saw it named as a finalist in the Best Design Awards, 2017. The Best Awards are judged and awarded by the Designers Institute of New Zealand – a group of people who definitely appreciate, and understand, elegant and contemporary design.

AKAROA

FREESTANDING LOW EMISSION WOOD FIRES

Our Akaroa wood fire reimagines the traditional fireplace, offering a sleek, European design while retaining the warmth and heart of a family wood burner. The Akaroa is ideal for medium-sized homes and offers powerful, clean-burning performance to ensure your family stays cosy throughout the winter. Its taller shape also allows for easier loading of wood. Akaroa is available in two base options: a convenient wood stacker or a built-in, easy-clean ash pan.

- ▶ NES, ECan^ and ORC Airshed I clean air approved
- ▶ Large portrait window with an expansive flame view
- ▶ Available with wood stacker or base with built-in easy clean ash pan.

^Installations limited to specific regions in Canterbury.

* Refer to the specifications sheet for full product details and compliance testing

**Space Heat Output is only a guide based on homes with average insulation, window area, and 2.4m ceiling heights. Differences in these factors, as well as others like, geographical location, layout of the house, living room size, type of windows all play a part in choosing the right model for your heating needs. Consult your dealer or installation contractor for more information.
